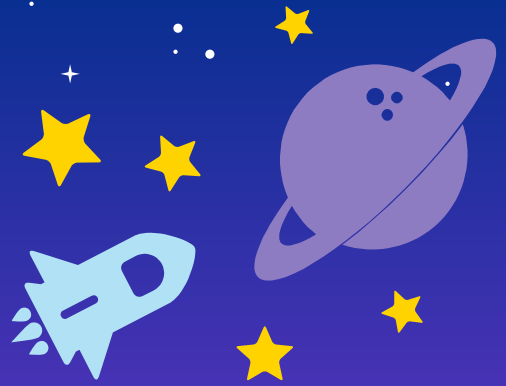
Hestia Home Automation System

Simplify your life with our new iOS Client



What is Hestia?

Problems with the original Hestia System that we aim to solve

“I want to control my smart appliances in my house through my iPhone”

Alexander Hansburg - Germany

“I don’t have a lot of space on my iPhone. If only I can replace the 10 other apps that control my smart appliances in my house with only one singular app.”

Anna Mitrioska - Russia

“I want an app on my iPhone for the Hestia service that is easy to use, has voice control and mimics the design of any other iOS application. ”

Lars Holdijk - Netherlands
